

EX ALDERMAN NEWSLETTER 265 AND CHESTERFIELD 210

February 20, 2017

MAYOR AND ENTIRE BOARD OF ALDERMEN VIOLATE MISSOURI OPEN MEETINGS LAW BY HOLDING ILLEGAL MEETING WITH VOTES AT NON-ANNOUNCED AND NON- POSTED MEETING:

The Missouri Open Meetings Law requires that meetings to be held with a quorum of the elected body be posted at least 24 hours in advance (business days) with an agenda of the meeting.

At the regular Town and Country Board of Aldermen meeting on Monday February 13 it was announced there would be a Special Work Session Meeting held after the regular meeting. This meeting had not been posted nor had the agenda. I was told that city attorney Steve Garrett told alderpersons that the meeting did not violate the Missouri Open Meetings law, even though it was being held at a different location than the regular meeting (city hall conference/community room instead of the aldermanic chambers). There would be a quorum as all members along with the mayor, city clerk, city attorney, city administrator and director of planning all attended. Finally there were three votes taken.

Any meeting where votes are taken has to be posted in advance with an agenda. Following the Missouri Law apparently is not very important to Mayor Jon Dalton, top city staff members, the city attorney, Steve Garrett, and the entire Board of Aldermen.

We will get to the details of the meeting shortly, but the fact that it was illegal is a priority. Mayor/Lobbyist Jon Dalton who is finishing his third 4-year term should have recognized this was an illegal meeting, especially when he called for roll call votes. The fact that Steve Garrett approved the last minute meeting was sad, but when he did not stop it with roll call votes taking place was amazing. Clearly the City of Town and Country needs to fire the law firm of Curtis, Heinz, Garrett & O'Keefe. But that will not happen. I doubt if there are any board members with the guts to even bring it up.

Here is a copy of the complaint I filled with the Missouri Attorney General's Office:

P.O. Box 899
Jefferson City, MO 65102

Madam or Sir:

This is an official complaint against the:

City of Town and Country

The complaint involves how the City of Town and Country intentionally did not post at City Hall or on a website 24 hours in advance of a special meeting of the entire Board of Aldermen, plus mayor, city administrator, director of planning city clerk and city attorney on February 13, 2017 where three roll call votes occurred.

On Monday February 13, 2017 at about 8:15 pm the regular meeting of the Town and Country Board of Aldermen with Mayor Jon Dalton presiding adjourned and immediately went into a Special Open Workshop Meeting held in an adjacent large conference room where the Board holds agenda meetings prior to all regular Board meetings.

The Special Open Workshop meeting began at about 8:20 PM. It dealt with different tiers of businesses to be allowed into a proposed development call "The Town Square." There were three tiers, with the second and third tier types of businesses requiring to meet special time restraints or requiring developers to obtain Special Use Permits.

At approximately 9:35 PM Alderman Skip Mange made a motion to vote to accept the First Tier businesses as a requirement for a developer to try and obtain for tenants. The motion was seconded by Ald. Linda Rallo (a registered lobbyist). Mayor Dalton (a registered lobbyist for 20 years with a record of campaign ethic law violations) ordered the City Clerk, Ashley McNamara to call the roll.

The vote was as follows:

Aye

Nay

Linda Rallo

Tiffany Frautschi

Skip Manage

Jon Benigas

Lindsey Butler

Lynn Wright

Gussie Crawford

Fred Meyland-Smith

backs to you Ald. Lindsey Butler (right) Ald. Tiffany Frautschi (left) Mayor Jon Dalton (far left)
City Clerk Ashley McNamara, Ald. Skip Mange, Ald. Linda Rallo

back to you Ald. Gussie Crawford, Ald. Lynn Wright (left), Ald. John Benigas (right), Director of
Planning Craig Wilde (left rear) City Attorney Steve Garrett (right rear)

At about 9:45 PM, Ald. Skip Mange made a motion to accept the list of second tier businesses that could be considered 12 months after a permit is issued. It was seconded by Ald. Linda Rallo.

That vote went as follows:

Aye

Nay

Fred Meyland-Smith
Gussie Crawford
Lynn Wright
Tiffany Frautschi
Lindsey Butler
Skip Mange
Linda Rallo

Jon Benigas

The final vote took place at about 10 PM. It was to strike all the businesses and uses in the third tier except Pet Daycare or a Pet Shop. Here is how that vote went.

Aye

Nay

Jon Benigas
Lynn Wright
Skip Mange
Linda Rallo
Gussie Crawford

Fred Meyland-Smith
Tiffany Frautschi
Lindsey Butler

The meeting presided over by the mayor that was never posted as required by law if votes are taken, it was not an emergency meeting and included three roll call votes done by the city clerk was finally over at about 10:04 PM.

This was not an "accidental violation" of Missouri Law or a "technical violation" but a clear flagrant violation of Missouri Open Meetings Law that occurred on February 13, 2017 in Town and Country. This complaint is made in hopes that the Missouri Attorney General's Office will investigate this incident and take appropriate action.

Sincerely

John Hoffmann

THE TOWN SQUARE DISCUSSIONS: Here are some of the comments made at the Illegal Meeting concerning the town square.

The Ward-2 Ladies Try to Go Back in Time: Tiffany Frautschi brought up the topic that the city should reconsider selling the commercial section of the Werth Property and maintain control over it. This would of course see the city having to spend even more in construction costs on top of the already growing estimated \$6,000,000 development of the property. The alderwomen (Ald. Lindsey Butler also) said they were getting strong opinions from constituents over the Town Square project.

Tiffany: Is it in our best interest to sell off the one piece of property and lose control of it? We are selling off property that is just over 1-acre.

Linda Rallo: Why at the midnight hour are we wanting to change it? Why did you not do this (bring it up) two years ago?

Dalton: That (selling or keeping the commercial section of property) was asked and answered two years ago.

Mange: I cannot support this! This is a city wide project and not just Ward-2.

The first tier of uses: Sheets were passed out with three tiers of possible uses from the property. **The first tier included:** Restaurants, quality sit down, Ice Cream Shop, bakery, Café and Coffee Shop; **Commercial Recreation Indoor; Learning Centers**, for cooking, sewing, dance, music art, etc; **Specialized Grocery store**, selling a limited range of foods. including coffee/teas, cookies, candies, spices and herbs; **Repair Services:** shoes, watches, jewelry, bicycles; **barber shops, hairdressers; Salons, spas, nail, massage and tanning; Fitness studios/gyms; Florist, garden center; STORES:** Liquor, clothing, home and office furnishing, pet and pet supplies.

Jon Bengis: We are spending five to six million dollars on this project. I don't want some of these (listed first tier businesses).

Fred Meyland-Smith: I agree with Jon. I kind of like being snooty! (No Kidding! Why do you think this newsletter is called "News from Snoburbia?")

The First Tier group passed on a 6-2 illegal vote with Jon Benigas and Tiffany Frautschi voting no.

There was **more discussion over the second tier group**. This included banks, offices, dry cleaners, medical and vet offices. No one wanted these businesses, but as a concession to Brinkman, the current developer, if they can't find first tier tenants, they could rent to second tier businesses. The proposed regulation would require the developer to wait 12 or 18 months without successfully finding a first tier business before looking for a second tier tenant.

City Administrator Gary Hoelzer: I don't want to over regulate this where both developers who came to us want to leave.

Meyland-Smith: I think the space will be so special that the developer will have an array of businesses wanting to be there.

Frautschi: The 12-months should be once the building is complete.

It was decided that the 12 month period before the developer could have a Second Tier business would begin 12 months after the permit is issued, which means it could be just a few months after the building is completed.

Also a representative of the developer was there. She was taken back with the idea of a pet daycare being on the unacceptable list. She mentioned that the developer had such a business interested. The alderperson then fell in lock step and deleted doggie daycare from unwanted businesses list.

However if you think about it, first off all would not the space be small. A very successful doggie daycare location is off of Manchester Road is in the Rock Hill Industrial Court, where a manufacturing plant used to exist. The two on Manchester Road in West County are also in good size buildings. Would the doggies be taken out for bathroom breaks in the "gathering place" envisioned by Dalton as a park? Maybe they could walk the dogs over on Rutherford Lane. Or take them under the proposed Clayton Road "tunnel" and let them poop on the fire station or Principia School property.

The third illegal voted was 7-to-1 with Benigas voting no.

Mayor Dalton then adjourned the meeting and then cleared the room of the few public members and started a Secret Closed Door Executive Meeting about legal matters.

City Clerk Ashley McNamara closed the doors to the community room and headed toward her office, while the Alderperson met in secret.

NASTY CREEPY COMMENT FROM THE ALDERMAN ASSOCIATED WITH A CHURCH: Alderman and former mayor Skip Mange is closely associated with the Christian Science Church and was on the faculty of the Principia School for sometime. So when he made a remark that I'm guessing he thought was funny, it seemed to be double creepy to me and several other people.

Ashley McNamara is a very nice person and is wonderful as a city employee. She was that way as a police clerk and now as City Clerk. Nothing fazes her. She is a wife and a mom, attends Board meetings at night and sometimes on the weekend. She basically does a great job.

She will be attending the International Institute of Municipal Clerks convention in Montreal this Spring. She got her passport and in her busy life it will be the first time for her leaving the country. There was a resolution for her travel expenses, registration fees and hotel bills.

For some unknown reason, Skip Mange made the following public comment about Ashley going to the conference in Montreal:

"She fell in love with the Canadian Prime Minister," declared Mange.

I immediately thought, "What a jerk." In talking with some others the next day, they had the same reaction.

Creepy Skip

Nice Ashley

Canadian PM Justin Trudeau

THE HORSE CLUB AND THE SMELL OF HORSES John Berra, who moved from the multiple family estate lots in Oakville to Town and Country, only to find out he could not subdivide his property on Mason Road, then moved to a large area between Municipal Center Drive and Sellenrick Road, where he built a gated subdivision of massive houses just for his family. (The Berra family made a fortune in the business of constructing of sewers. They were once considered St. Louis' answer to mob-connected Tom Pendergast's Ready Mix Concrete monopoly in Kansas City that built lots of sewers, like the one next to the Plaza. They (Berra Construction) are now also a major player in area road construction.)

Berra is trying to get a Conditional Use permit to build a private club and stable (just for his family members) at 46 Sellenrick Lane. He has run into some problems. However it is fun to see some elected and other city officials bend over backwards as if they are working for Berra and not the City of Town and Country.

You would have thought Mayor Dalton, Ald. Lynn Wright and City Attorney Steve Garrett were on the Berra payroll.

The Berra's horses are currently on the property in a smaller barn. One neighbor, Mrs. Hallye Bone of Brickford Drive complained that offensive odors are coming off the Berra's pasture area and forcing her and her guests from an outdoor patio into her house on some unusually warm winter days.

"We moved here from Houston and hoped to get fresh air," said Mrs. Bone.

The Berras are not removing manure and in fact they are spreading the manure mixed with horse urine on the field that is causing the smell.

Planned new building

The address for the "riding club" is 46 Sellenriek. The property is not in the name of John Berra, but under Town and Country Land Company, LLC. Berra's name is not even on the LLC filing.

Lynn Wright began lecturing the complaining neighbor saying how she lives next to the Berras (on White Stable Lane) and the odor has gone away from her property.

The city is well aware of the odor issue, This is from the bill:

"Complaints which cannot be resolved through direct contact with the applicant regarding odor control shall be forwarded to the St. Louis County Department of Health by the City of Town & Country. When the resolution of a complaint requires additional compliance on the part of the applicant, such complaints shall be achieved within the allotted time frame, otherwise it shall serve as cause to revoke and reconsider the grant of the Conditional Use Permit. "

The bill also requires that manure spreading on the pasture not to be done on Saturday and Sunday. This caused a comment of "If you happen to be a person who enjoys your yard on a Wednesday, you are out of luck."

City attempts to take away residents' rights: It is interesting that while the County Health laws cover the whole County and not just unincorporated areas, this Town and

Country bill appears to assume complaints about the Berra's pasture would go through city hall.

It appears to try and take away any resident's right to simply call the County Health Department directly and make a complaint.

"It needs to rain so the smell goes down," said Mrs. Berra in an admission that there was an odor problem.

Renee Berra. You got to love the outfit.

***Benigas:** I'm in favor of the Berra's having horses. But I'm in favor of their neighbors having clear air. (Best comment of the night)

Lynn Wright to the rescue! We all have to be aware we put mulch on our yard and manure in our garden."

Of course most of us buy dried manure in a bag and not fresh out of the horse's butt and urine soaked manure like is being spread at the Berra property. The Berras certainly have the money to have the manure remove and clean out the stalls and paddock area without spreading horse urine with the manure on the pasture.

CHECK WITH THE BERRAS BEFORE WE CONTINUE THIS: Mrs. Berra was at the meeting with a team including a lawyer and architect. There was a motion to continue the bill until the next meeting.

Berra and her team!

Instead of simply calling for a vote on the motion to continue the matter, Mayor/Cigarette Lobbyist Jon Dalton asked city attorney Steve Garrett to check with Mrs. Berra and see if that was okay.

Garrett went into the audience and spoke with Team Berra and returned to report, "They do not object about the continuance, but they are not crazy about it."

It was as if Garrett was on the Berra payroll, along with Lynn Wright and Dalton.

City Attorney Steve Garrett with that "old guy hippie look" reports back that Mrs. Berra is not crazy about a continuance.

A two week continuance was passed and the saga will continue on February 27.

ONE BEAUTIFICATION GRANT PLACED ON HOLD AND THEN PASSED One of five Beautification Grants was put on hold at the Town and Country Board of Aldermen meeting on January 23, 2017. The grant for the Hickory Woods subdivision located off of Des Peres Road had been approved by the Conservation Commission. It was for \$4,752 for sprinklers.

This struck me odd unless the sprinklers were very attractive, why this would qualify as a beautification grant? It is routine maintenance after all.

The two Ward-One alderpersons had no problem with it, but an alderman from Ward- 3 (Fred Meyland-Smith) and one from ward-4 (Jon Benigas) both had trouble with the grant.

The subdivision is gated and at the most 12 sprinkler heads would be outside the gate, likely less. The request goes for sprinkler heads that go 250 feet into the subdivision well past the gate. Here are a couple comments.

"I'd say only a few heads are in front of the privacy gate, the rest are behind the gate."

"90-percent of what we are paying for is behind the gate."

The Board decided to take this request off the agenda and have the subdivision trustees come up with a new proposal to take before the Conservation Commission. (Of course the Conservation Commission thought the first plan was swell.)

The trustees came up with a new proposal for the City to only pay for the sprinkler heads in front of the gate. That dropped the price of the grant from \$4,735 to \$2,338.

However Lynn Wright wanted to stick up for another group of Ward-1 residents (besides the Berras) who live behind a gate.

"This request is different. It is so long to get the water to the gate," said Lynn. She should consider a job with the Trump administration. Immediately after saying this untrue fact, all the way from Ward-3 Fred Mayland-Smith, who first complained about this grant said, "Interestingly, the source of the water is from outside of the gate."

The new cheaper grant passed on a 8-0 vote.

PRICE OF BALLAS AND CLAYTON ROADS PROJECT CONTINUES TO ESCLATE:

We attened the final meeting of the Ballas-Clayton Road Intersection Work Group. The goup of eight people would not have had a quorum had not Town and Country lowered the quorum requirement from the standard of one-more than 50% to 40%. The group had a 50% turn out.

Besides me showing up, there was one other member of the public who made the meeting, chaired by Ald. Lynn Wright, but actually run by Public Works Director Craig Wilde.

That person was Lynn Wright's opponent in the April election, Michael Cozad, a commercial real estate guy who seemed to be in the top two of smart guys in the room.

Lynn Wright on the left and Mike Cozad on the right.

The road improvement project that received an 80% Federal grant (\$900,000) on the original cost estimates was originally going to be \$1,200,000. Now that figure has zoomed up to \$1,700,169. Even though the intersection belongs to the County Highway Department. (Ballas is a County Road, while Clayton is now a city street. Both used to be State highways.) The extra \$500,000 is to come out of the City Road Fund.

Here is the current revised estimate of cost.

Engineering	\$272,348
Right of Way Purchase	\$236,500
Construction	<u>\$1,191,321</u>
 TOTAL	 \$1,700,169

THE BIG MUNICIPAL COURT FRAUD: The idea of municipal courts is to deliver justice at the local level. Justice is the last thing being delivered. City Councils and Boards of Aldermen, even in the wealthy communities, have allowed Muni Courts to be revenue generators and special lawyer employment zones. If you hire a lawyer your traffic case including serious Leaving the Scene of Accidents, Speeding over 90 or 100

MPH and Careless Driving cases can be reduced to expensive Illegal Parking Violations with no record or points going on your driving record.

If all of our research in review municipal court cases at random isn't enough to convince you the city courts have little to do with justice, how about some stats? I requested from the court clerks in Town and Country, Chesterfield and Ellisville not the number of parking citations filed by the police with the courts but how many final dispositions end with charges being amended to Illegal Parking. Then from the police annual summaries we found how many actual Illegal Parking citations were issued by the police.

The court clerk in Town and Country accepted our Missouri Sunshine Request and was making inquiries with Regis, the St. Louis area police/courts computer system. Three weeks later we have heard nothing back.

The court clerk in Chesterfield said she could not get that information.

The judge in Ellisville routinely allows pleas from serious traffic violations with points to Illegal Parking with No Points. The Court Clerk and Ellisville Police Department had the information we were seeking within three days.

In 2015 The Ellisville Police Department issued **SIX** parking citations. That is **6**.

However in **2015 Ellisville Judge Donald Anderson found people guilty in 420 cases amended to Illegal Parking.**

Again there were six parking tickets issued by the Ellisville police in 2015. Here is the list of cases where 420 times people pled guilty to Illegal Parking, who were never illegally parking :

What Judge Anderson and the Ellisville prosecutor George Restovich are doing is to encourage the police to stop doing a thorough job, since after all their work is reduced to Illegal Parking. I wonder why the cops don't just cut out the "Traffic Law" storefront lawyers and just issue a parking citation for serious moving violations.

POLICE SALES TAX: On February 10 at the Town and Country Ways and Means Meeting the upcoming April Police Sales Tax was on the agenda. The regressive tax that would hurt low income residents is a 1/2-cent sales tax that would generate \$80,000,000 a year.

There was no vote to approve or disapprove, however there was a discussion how this would push several areas in West County over the 10% sales tax level.

The Town and Country finance director Betty Cotner said the tax would result in an additional \$541,000 for Town and Country, but did not mention how much would be generated at Town and Country stores and shops toward the County wide tax. That number would be approximately \$1,700,000 according to Cotner. By my math based on 2017 projections it would be closer to \$1,800,000 Town and Country shoppers would be paying into the Police tax pool. That would be a \$1,159,000 deficit. It is worse in Chesterfield.

CHESTERFIELD'S TAKE ON THE POLICE SALES TAX: The Police sales tax was on the Chesterfield City Council Agenda for comment on February 6, 2017. Mayor Bob Nation quickly put out these numbers.

If the 1/2-cent Police Sales tax passes it would collect about \$80,000,000 area wide. \$46,000,000 would go to the County Police.

Meanwhile \$7,400,000 would be raised by Chesterfield retail establishments, but Chesterfield would only see \$2,376,000.

"I'm most concerned about the magnitude of this sales tax," said Nation. "Some of our cities in St. Louis County are already pushing 10% sales tax. Chesterfield is getting dangerously close to 10%. It is another reason for residents to flee to St. Charles County," said the mayor.

Nation later pointed out that only \$16,000,000 would be raised from retail stores in unincorporated St. Louis County, but the County Police would get \$46,000,000, which is 40-to-50 percent of their current budget.

"This is worse than the pool," said Councilwoman Barb McGuiness referring to how Chesterfield only gets 50% of its regular sales tax back from the tax pool, while older Point of Sale cities keep almost all of their sales tax. (The police tax would be a 32% return compared to a 50% return in regular sales tax.)

Tom DeCampi spoke next and started out making sense and then turned to gibberish.

"This feels like a tax and spend operation. This is right out of the Eric Holder playbook," said DeCampi.

He called the proposed use of funding by the county for more officer training and more body and dashboard cameras "code that police are bad and can't be trusted."

"I feel it's a privacy issue — also, bad cops can turn a camera off," he said.

"If a city wants these cameras, it can purchase them. We don't need them in Chesterfield," DeCampi said

Here is the problem with DeCampi's remarks. Good cops want the recording devices. I bought my own tape recorders I used when contacting people back in the 1970s and 1980s to protect myself from suspects making unfounded complaints in an attempt to get out of arrests and criminal charges.

When I got to Maryland I had to put my recorders away because as a liberal Democratic controlled state they had a State law that outlawed police making voice recordings without permission. That law was eventually ruled unconstitutional after I returned to Missouri.

But these recording devices protect good cops and clearly deCampi did not know what he was talking about.

On Thursday February 9 Mayor Bob Nation in the 7 AM hour appeared on KMOX radio and spoke about the Police Sales Tax. He spoke against the tax. To hear the six minute interview go to

scroll down to February 9 and click on the interview.

AN ODD APPOINTMENT THE SAME WEEK AS THE GOVERNOR SIGNS RIGHT TO WORK LEGISLTION: On Friday Febraury 10 it was announced that Governor Greitens appointed West County EMS & Fire Protection District Chief Ernie Rhodes as the new head of theState Emergency Management Agency.

What is strange about this appointment is that Rhodes has been in the pocket of the Firefighter's Union for decades dating back when he was fire chief in St. Charles. WCEMS&FPD has been run by the Fire Union for years.

Rhodes who is supposed to be the head of the management team working for the public, since day-one as the chief he has worn a union patch on his union shirts.

So Governor Greitens signs an anti-union bill and then appoints a fire officials that is so deeply conctected to one of the most aggressive and vile labor groups (They burned down a factory in U/City in 1978 during a strike) that even as a management official he wears the Union insignia.

SPEAKING OF FIRE CHEIFS...SUSPENDED MONARCH FIRE CHIEF IS NOW RECEIVING FULL SALARY WHILE ON SUSPENSION: Wayne CHUCK Marsonette, the fire chief of the Monarch Fire Protection District, was suspended without pay in August after he was charged in a felony warrant for stealing from his former employee, Reliant Care Management. Marsonette was Director of Safety at Reliant Care (operators of nursing homes) and was also a corporate pilot.

Four counts of theft relate to Marsonette allegedly using Reliant Care's credit card for thousands of dollars of personal purchases and travel. It is also alleged that Marsonette used the Reliant Care aircraft to give private flying lessons.

An audit conducted immediately after Marsonette's arrest showed there was nothing stolen or any corporate credit card fraud involving Marsonette and the Fire District.

HERE IS WHAT KMOV AND LAUREN TRAGER DID NOT TELL YOU: On February 14, 2017 on the 10 PM newscast KMOV ran a piece by Lauren Tragger on Marsonette, saying while he has been suspended by the fire district he received tuition for college classes toward his degree in Fire Administration.

Monarch Board president Rick Gans said on camera that Marsonette's contract with the Fire District called for the college course with the cost to be paid for by the Fire District. Gans said they had a legal obligation to pay for the courses since technically Marsonette was still employed by the District,

Trager recorded the story and interview sometime ago. She simply re-interviewed the person at the Creve Coeur airport who she talked to in August about Marsonette flying aircraft during the day while wearing the fire chief's uniform. She asked him about the school tuition. This guy is not an expert in contract and employment law. He said

he didn't like it. So what? She should have interviewed an employment lawyer asking if the Fire District had a legal obligation to pay Marsonette.

Here is what Trager really missed. She was unaware that when her piece ran, Marsonette while still suspended was back on full pay (he makes \$153,162 a year).

Since Marsonette was cleared of any improper activity while working as fire chief and since he has not been convicted on any of the charges against him, his lawyer threatened to sue the Fire District if Marsonette's contract was not honored.

If Trager had simply obtained and read Marsonette's contract like we did she would have seen the following:

Termination by Employer for Cause. Employer may suspend Employee with pay (and benefits) and/or terminate this Agreement for cause at any time only on written notice of charges and specifications to the Employee from the Employer and only following a public hearing before and of the governing Board of Employer, held not earlier than fifteen (15) days following receipt of the written notice of charges, during which Employer shall be required to produce substantial competent and credible evidence to prove the charges and specifications so alleged and Employee shall have an opportunity to present evidence, witnesses and information on his behalf with the assistance of the legal counsel of his choice (to be paid for by the District). No severance benefit shall be paid upon termination by the Employer for cause. For purposes hereof, the term "cause" includes and is limited to the following:

- (i.) Employee's willful and continued failure to substantially perform his duties, other than as a result of incapacity due to physical or mental condition, after Employee has been afforded written notice of any asserted substantial failure of performance and a reasonable opportunity to correct any such asserted deficiency; or
- (ii.) Conviction of Employee of a felony; or
- (iii.) A determination by Employer that Employee has committed fraud, embezzlement, theft, or misappropriation against or from the Employer; or

By contract until he is convicted of a crime the Fire District has to honor the contract.

Since his arrest Marsonette was sued by Reliant Care. He then declared bankruptcy. There is a \$71,000 judgment against him from 02/11/13 concerning a boat being financed that sunk at Lake of the Ozarks in a storm.

There had been a rumor that surfaced in January of 2017 that all charges would be dropped. That turned out to be false. Marsonette's next court date is 2/23/17 for a pre-trial conference.

TOWN AND COUNTRY DEER MANAGEMENT REPORT IS IN: The 2017 Deer census shows that the number of deer significantly increased . We reported in our January 30 newsletter the numbers of deer culled in the 2017 lethal deer management effort (225).

As a recap here are where the deer were shot:

Deer harvest by Ward

Ward #	Harvested
1	26
2	95
3	50
4	54

Deer killed by location:

Glaizeview	21	Ward 3
Weidman	19	Ward 3
Muirfield	19	Ward 4
Horton	18	Ward 1
Barrett Station Rd	16	Ward 2
Techumseh	16	Ward 4
Bellerive CC Grounds	15	Ward 4
Mason Road	13	Ward 2
Dry Ridge	13	Ward 2

South Outer 40 Road	13	Ward 2
Clayton Rd	12	Ward 2
Featherstone	10	Ward 2
Old Colony	10	Ward 2
Alsace	10	Ward 3
Sellenrick	8	Ward 1
Thornfield	8	Ward 2
Conway Hill	4	Ward 4

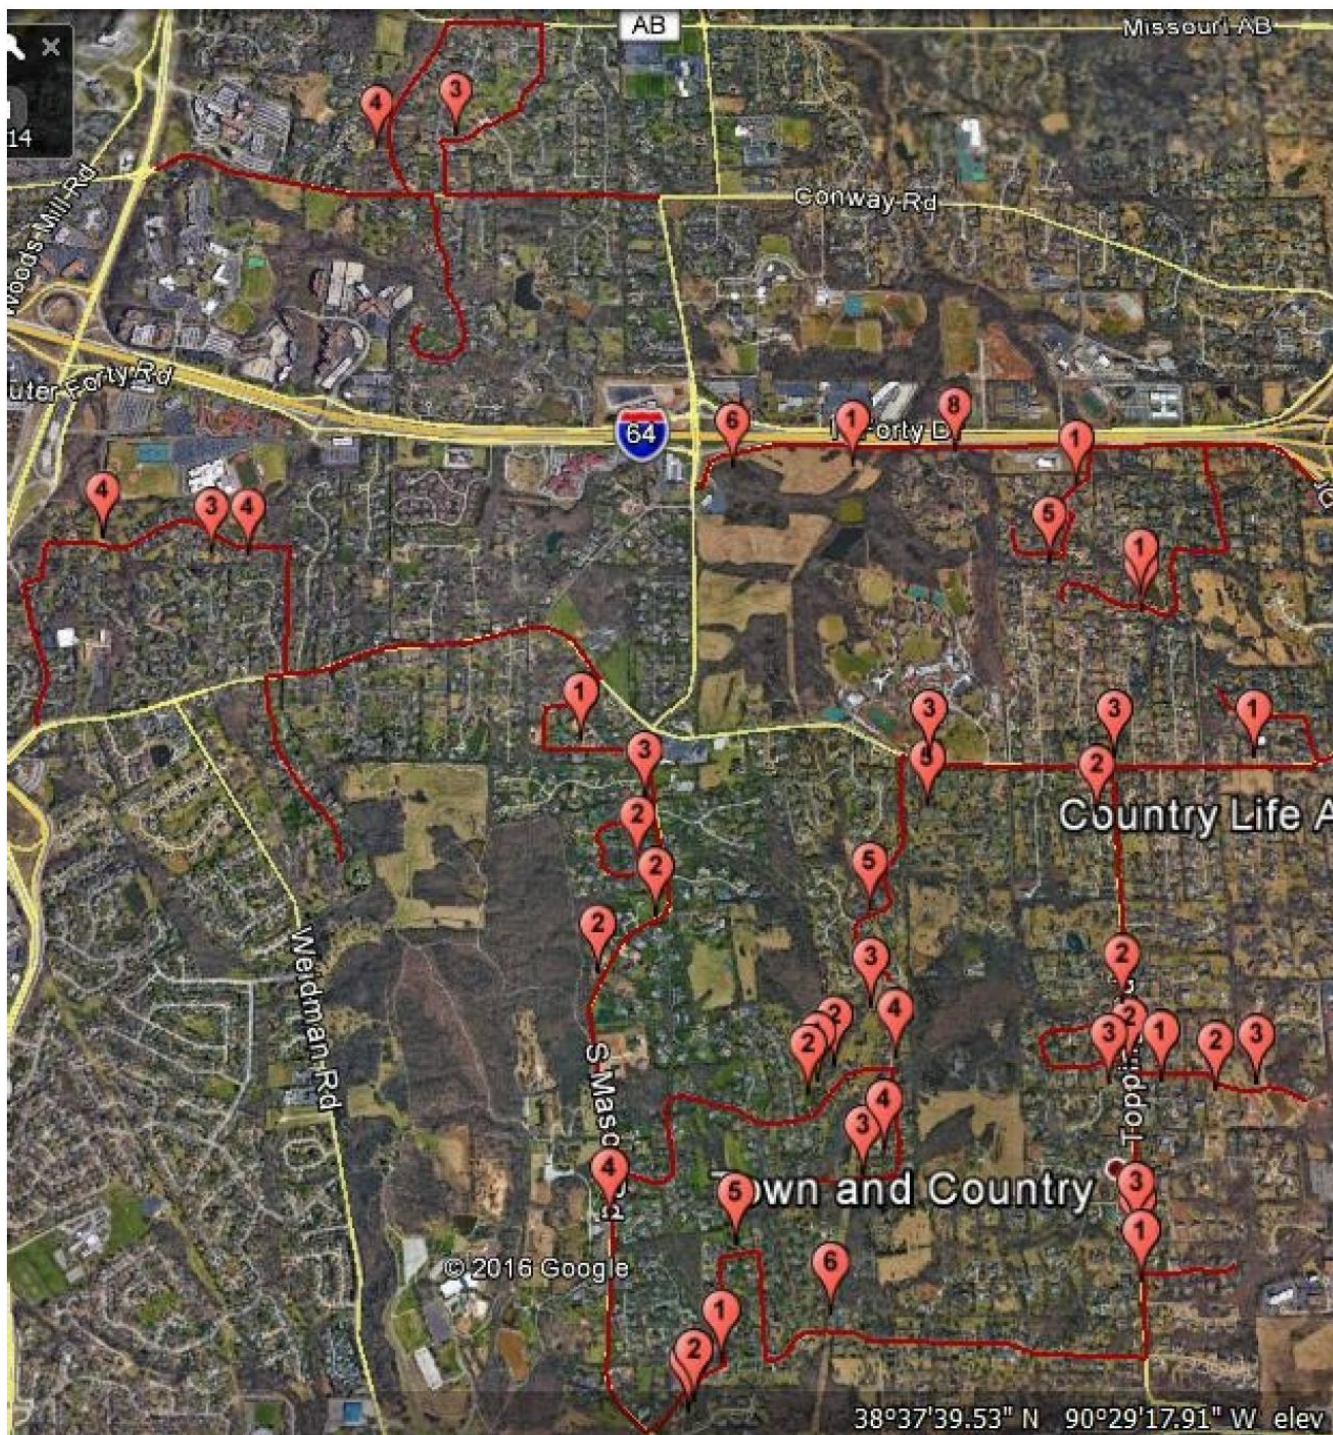

DEER POPULATION: The population rose despite sharpshooting in 2016 and 2017. The estimated number of deer per square mile in 2016 was 48 and in 2017 it is 61.

The Missouri Department of Conservation Urban Wildlife Divisionis reccomends 12-to-20 deer per square mile in suburban areas. Town and Country's goal is to reduce the population to 30 deer per square mile. In 2016 the curent deer population rate was more than double that goal. It is now even higher.

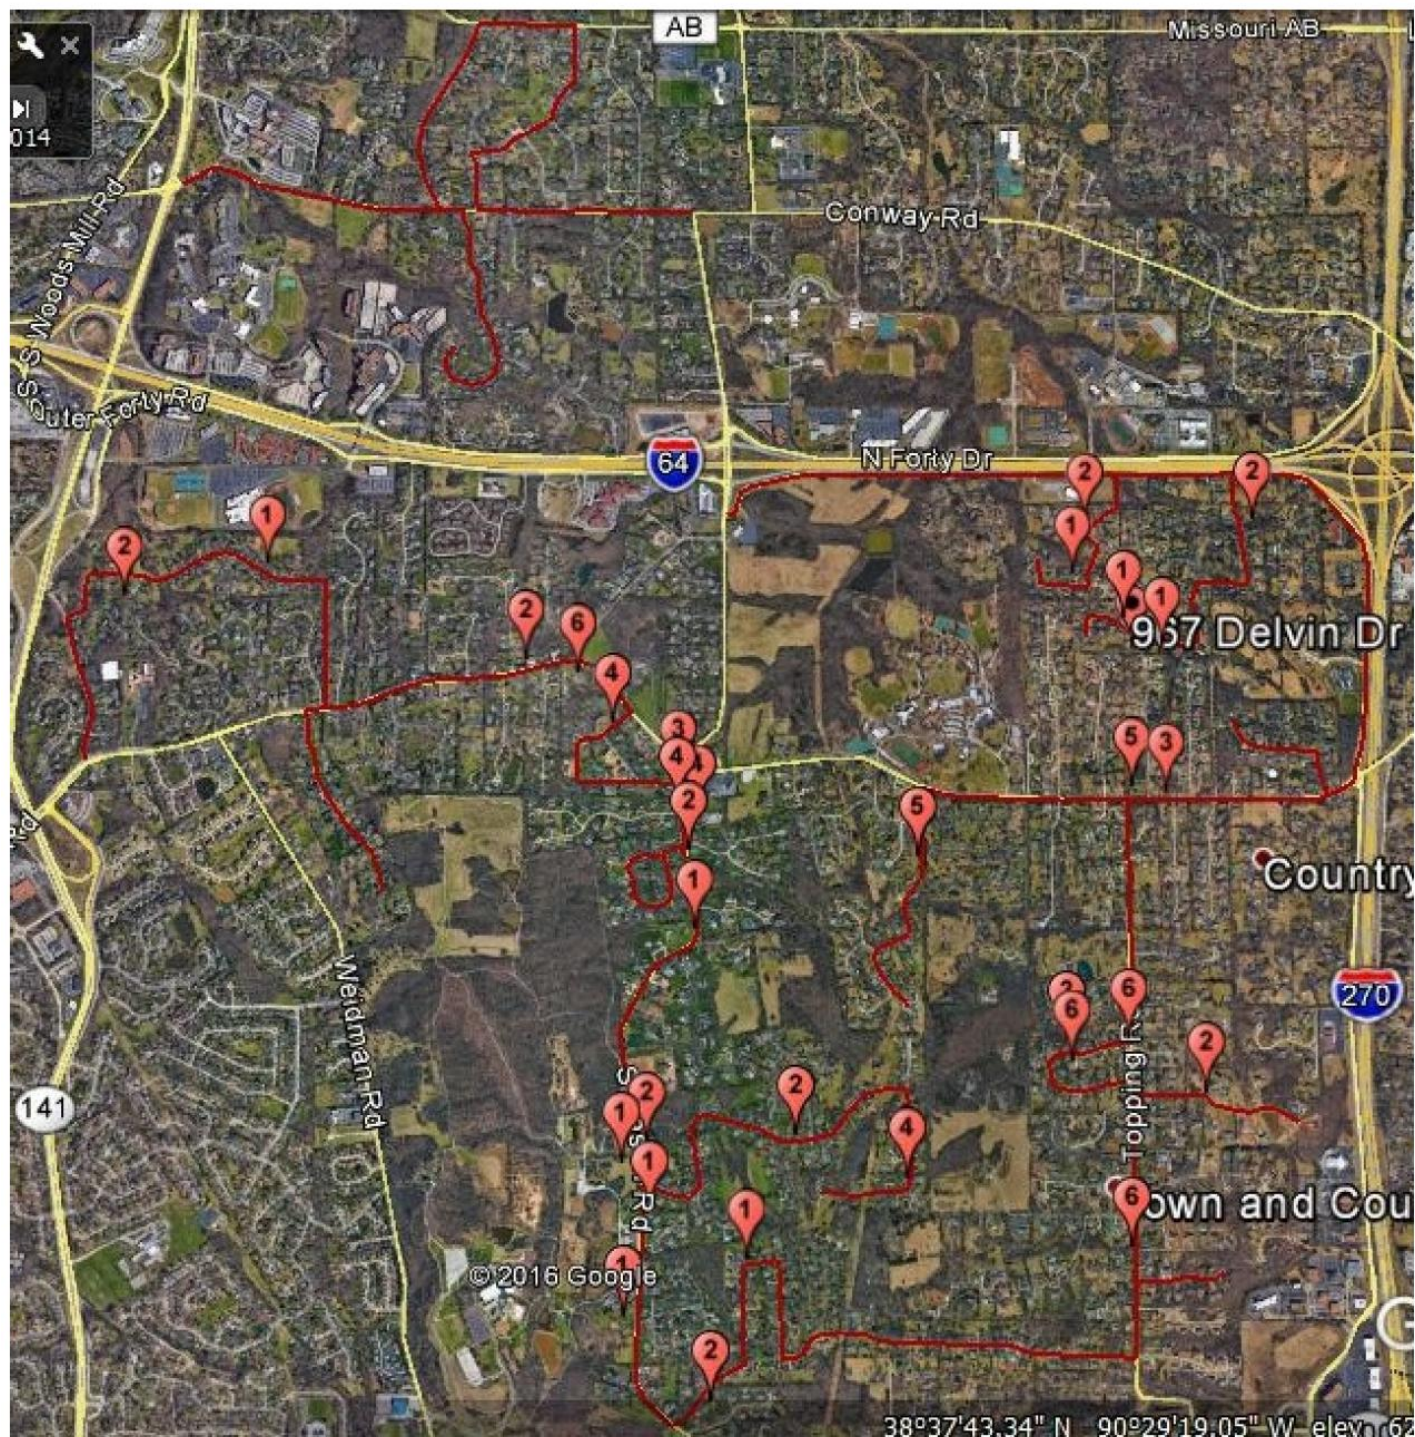

The heaviest population of deer is still in Ward 2. White Buffalo, the city's contractor estimates the deer population along a 1.5-mile section of Topping Road is 73 deer per square mile. The Thornhill subdivision is still overfilled with deer also. If you look at the census charts below you will also see huge numbers along Mason Road next to Queeny Park. Until County Parks officials do something about the deer population inside the park there will be a big problem for Town and Country residents and motorists on Mason Road.

County officials show little or no interest in making the park or Mason Road (a County highway) safer.

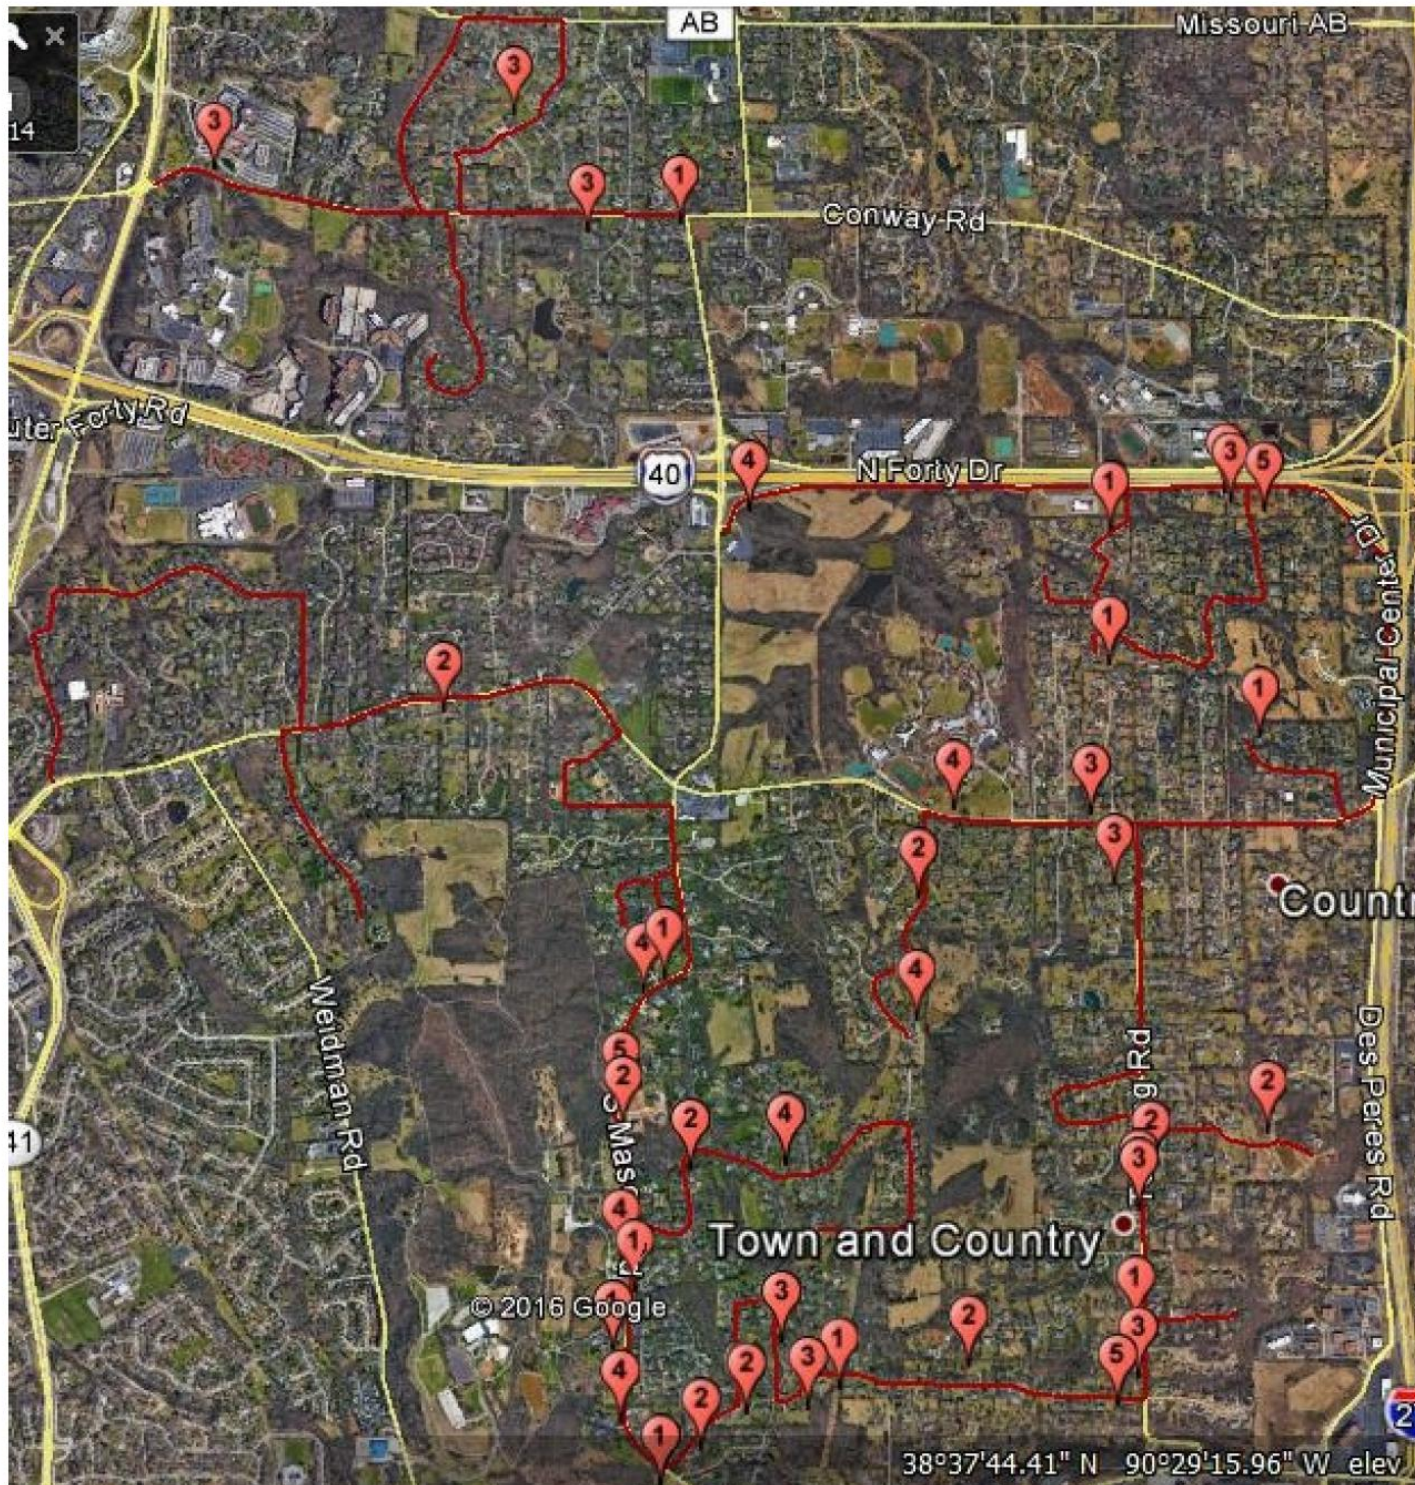

Here are the census counts on the three nights deer counts were made between 10 pm and 4 AM. Jan. 18, 2017

January 20, 2017

January 21, 2017

DEER TASK FORCE BEING BROUGHT BACK FROM THE GRAVE: The Deer Task Force from 2008 and 2009 was there to primarily give the deer lovers a place

to complain and then make a recommendation to have a lethal Deer Management program. The Deer Task Force was done in 2009. With the deer population rising in Town and Country Mayor/Lobbyist Jon Dalton has announced he is bringing the Task Force back. Ald. Lindsey Butler will be the chair of the Task Force.

"It is time to step back and see what we have done," said Dalton. "To look at our program to see where we had been and where we are going in the future. I intend this task force to be inclusive."

Dalton was speaking glibly. When he said the Task Force would be "inclusive" was he going to appoint deer to it or just deer lovers Eric Al Gerber and Barbara Ann Hughes (Hughes withdrew from running against Dalton for mayor a month ago).

More Deer News from Chesterfield and Town and Country in next week's newsletter.

UNAPPROVED CHESTERFIELD NEWSLETTER 210

February 20, 2017

DAN HURT'S SMART ASS QUESTION LEADS TO A NEW QUESTIONS AND IS A REMINDER WHY HURT SHOULD ASK FEWER SMART ASS QUESTIONS: The other night before the February 6, City Council Agenda meeting Ray Johnson, 29-year Chesterfield Police Chief with close to 50 years of police experience walked into the room.

Councilman Dan Hurt, who is famous for making fun of the local police with doughnut jokes (even though there is not a doughnut shop in Chesterfield) and other attempts at bad humor, asked Chief Johnson if he had his "one bullet." Now this is clearly a reference to Deputy Barney Fife from the Andy Griffith Show.

If Hurt is considering the only police chief in the history of Chesterfield to be bumbling Barney Fife, who was only allowed to carry one bullet, who does he consider to be Sheriff Andy Taylor. I asked Hurt and he stated that he hadn't thought about that.

FOLLOW THE CASH: It was interesting to review the campaign contributions that newly elected **State Rep. Bruce DeGroot** received after he won the election. Money not for winning an election is really anything but a contribution. Here are the groups and people giving the former Chesterfield Councilman cash trying to be noticed:

\$250	Comprehensive Health Management	Tampa, FL
\$250	Missouri Collections Association	Grover, MO
\$300	American Family Insurance	Jefferson City, MO
\$300	Missouri Insurance Coalition	Jefferson City, MO
\$500	Missouri Realtors PAC	Columbia, MO
\$500	Wal Mart	Bentonville, AR
\$500	Robert Trone Total Wine and More	Potomac, MD

NEW BUSINESS FOR CHESTERFIELD MALL PUT OUT OF BUSINESS BY CHESTERFIELD POLICE.

Apparently new business is finding its way to Chesterfield Mall. On Sunday February 12 Anthony Claxton, 17 and Corey Cox, 19, of Hanley Hills met a customer on the parking lot of Chesterfield Mall for a business transaction. They two were supposed to sell the third guy illegal drugs. But instead of selling the drugs, they robbed him. He got their license number and called the police. I guess he felt that armed robbery out trumped buying illegal drugs.

NEWS RELEASE

FOR IMMEDIATE RELEASE

February 17, 2017

CHARGES FILED ON SUSPECTS IN
ARMED ROBBERY

On February 12th, at approximately 5:00 pm, three subjects robbed a victim at gunpoint on the Chesterfield Mall parking lot. Investigation revealed that the victim had arranged to meet with the subjects on the lot of Chesterfield Mall for a drug transaction, upon their arrival the subjects displayed a handgun and demanded property from the victim. The subjects were able to flee the area, and no one was injured in the robbery.

Detectives of the Chesterfield Police Department, arrested and obtained warrants charging the following two subjects with Robbery in the First Degree and Armed Criminal Action.

Anthony Claxton
Black Male 17 Years of Age
St. Louis City Resident

Corey Cox
Black Male 17 Years of Age
St. Louis City Resident

The subjects are being held on a \$50,000 cash bond. Warrants were not obtained on the third subject.

Chief Ray Johnson
Chief of Police

2007 PARKWAY CENTRAL GRAD RETURNS TO THE UNITED STATES FOR INDUCTION INTO A SPORTS HALL OF FAME Katy Meyer graduated from Parkway Central in 2007. She was an honors student and a very good basketball player.

She went to Webster University. I had the privilege of watching her play as a starter for four years, while I was the table referee and PA announcer at Webster U. She played center, but could step outside the 3-point line and score from long range.

During those four years at Webster I was able to see her play in all of her home games. She was a starter as a freshman. She was a regular on the university's Scholar-Athlete list. In fact she could have graduated after three years with enough credits, but elected to stay a fourth year to take more classes and play her final year of basketball.

Besides winning school and conference accolades, Meyer was also a finalist for the Josten's Trophy that goes to the top athletic in NCAA Division III sports.

On February 4th she was back at Webster U. She flew in from Italy where she has been living for the last three years. She was back to be inducted into the Webster University Sports Hall of Fame.

The other big news was the St.Louis Intercollegiate Athletic Conference announced on February 4th that Meyer would also be named to the Conference Hall of Fame.

Katy Meyer was introduced with the other four persons being inducted into the Webster University Sports hall of Fame. To the left is Webster University President Beth Stroble and shaking Meyer's hand is athletic director Scott Kilgallon.

We last had a sit down chat with Katy when I did a story on her for AOL's Patch.com. The latest chat was even more interesting.

After graduating from Webster U she enrolled in Law School at the University of Miami.

"I hated it and quit after one-and-a-half years," she said.

She ended up going to Europe. She spent a year in Spain and the last three years in Italy, where she lives in Perugia, a city of 160,000 in central Italy. She teaches English to school kids and adults. She is currently teaching Business English to adults. She has also been playing in a semi-pro women's basketball league.

WEST ON MANCHESTER ROAD: Have you seen this place?: If you have not been out to Ellisville lately you have missed some things. Those 15 car dealerships are quickly vanishing. The city slogan has been the City of Trails and Parks, when in reality it was the city of car dealerships. Over half of the dealerships have left town or closed down. Now every imaginable fast food place is being built in Ellisville. They can change the motto "The City of High Carbs and Calories." However there is one place on the north side of Manchester in Ellisville that is really impressive.
