**October 9, 2017**

**MAYOR DALTON CAN'T DECIDE WHAT TO DO MEANWHILE CITY IS NOT PROPERLY SERVED.** What a surprise! Mayor/Cigarette Lobbyist/Taker of Widow's Property Then Refused to Pay Her Until Sued in Federal Court Jon Dalton is having ethical problems selecting the leadership of the city.

Police Chief Pat Kranz announced his planned retirement in June. The retirement date was September 1, but Kranz took the whole month of August off on vacation leave.

Instead of filling the police chief's job immediately Dalton has done nothing. City Administrator Gary Hoelzer has let it be known that he wants to go back to police work. Dalton has made Hoelzer the interim police chief and City Administrator. That would be a fine move if this was an emergency, but Dalton had 2 ½-months to make a move before Chief Kranz's last day and he did nothing.

The work attire Gary Hoelzer would prefer.

Doing The Dalton-Two Step

Not only does the city codebook require that the City Administrator to have oversight of the police department (something hard to do with you are both the administrator and police chief) but keep in mind the problem with vacations and time off.

Gary Hoelzer has been an employee with the city for over 30 years. He gets five weeks of vacation days, plus 12 days of holiday off time not to mention comp time. That is 3 days shy of two months off-time for Gary Hoelzer. Do you really want the police chief and city administrator, the two top positions in the city gone at the same time? It will happen when you have the same person doing both jobs. Apparently Jon Dalton thinks it is okay. The Board of Aldermen needs to speak up and tell Dalton to get off his butt and hire someone. From the policy manual on vacation days:

- e. January 1<sup>st</sup> following the twenty-fifth year service anniversary date and beyond – 200 hours / 5 weeks.

When it comes to the Town Square, next month will mark three years since the land purchase was done and no ground has been broken. Here is the case where Dalton talks the Board of Aldermen to spend millions of dollars and nothing has started to be built. The only thing being done is George Stock the consulting engineer making \$245 an hour for drawing new plans on a regular basis as everyone changes their mind on how the Town Square should look.

**THEN THERE IS THIS:** This is Town and Country Police Department letterhead that has been sent out recently that shows Gary Hoelzer, not as Acting Police Chief or Interim Police Chief, but as Police Chief. The Board of Aldermen has to vote to approve his appointment. That has not happened.

**THREE FROM COLUMBIA AND MEXICO ARRESTED FOR BREAKING INTO HOUSES WEDNESDAY AND THURSDAY AFTERNOONS.** The Town and Country Police took an Attempt Burglary Report on Wednesday October 4, 2017 at a house on Montagne Drive, located in the Takara subdivision across the street from the Principia School on Clayton Road. Here is the press release from the Town and Country Police concerning the suspect and suspect vehicle.

*On Wednesday, 10/4 at 5:57 pm Town and Country Police responded to the 1200 block Montaigne Drive for a residential burglar alarm sounding. When Officers arrived they discovered the rear patio sliding glass door had been pried open which in turn had set off the alarm. Officers searched the residence and it appeared the alarm scared off the suspect(s). The home owner arrived home and told Officers that nothing was missing or disturbed in the residence.*

*When Officers canvassed the area for witnesses. A neighbor reported that a female in her 30's, wearing a head covering, possibly a white scarf, came to his door about 5:40 pm and asked where a specific street was located. He said the female got into a black SUV and drove away. Another neighbor reported seeing a female knocking on the victim's front door. The female was wearing what was described as a "burka style" head covering and an orange/yellow colored outfit with white gloves. The neighbor stated the female got into a black SUV on the passenger side and the vehicle left the area.*

**STUPID, STUPID, STUPID.** On the strength of the email release of the descriptions of the one suspect and vehicle; Town and Country Police were called on Thursday from residents of the same subdivision when they spotted the same SUV back in the same subdivision.

After attempting a burglary on Wednesday afternoon the idiots came back not only to the same city, but to the same subdivision in the afternoon. At 2:55 pm they were spotted by a resident who called police. It was a trio in the same black SUV, Police spotted them leaving the subdivision. They were followed on Clayton Road and then stopped at Woods Mill Road.

During the stop a resident on Takara Court (next to Montaigne) came home and discovered their house had been burglarized. The police looked pretty good as the suspects were already in custody.

The suspects were from Bogota, Columbia and Mexico.

They are:

**Guerrero-Bernal, Fredy** W/M 35 yoa (1982) resides in Bogota, CB was arrested on the charges of Burglary 2<sup>nd</sup> Degree.

**-Gonzale-Zangel, John** W/M 28 yoa (1989) resides in Bogota, CB was arrested on the charges of Burglary 2<sup>nd</sup> Degree.

**-Coria-Olvera, Monica** W/F 44 yoa (1973) resides in Mexico was arrested on the charges of Burglary 2<sup>nd</sup> degree.

**Coria-Olvera**

**Gonzale-Zangel**

**Guerrero-Bernal**

These three were working the same way Gypsies do when driving across the country and committing crimes. The woman would be sent in to do the crime.

On Friday the St. Louis County Prosecuting Attorney's office filed burglary charges only on Monica Coria-Olvera and not the men. Town and Country Police are not sure of the actual identities of the suspects and are checking further. Other nearby police departments with similar burglaries and descriptions have placed holds on the suspects.

**DRUNK DRIVER PASSES MARKED POLICE CAR WHILE SPEEDING. The driver said she was on her way home from the boss's Christmas Party, where she had nothing to drink, but refused to take a breath test. Apparently BLACK is a new color for Christmas.** On Friday night into Saturday morning December 17, 2016 at about 2:19 AM Sgt. Chris Moore was driving a marked police car east on I-64 just past Mason Road, when he was passed by a speeding black Lincoln Navigator.

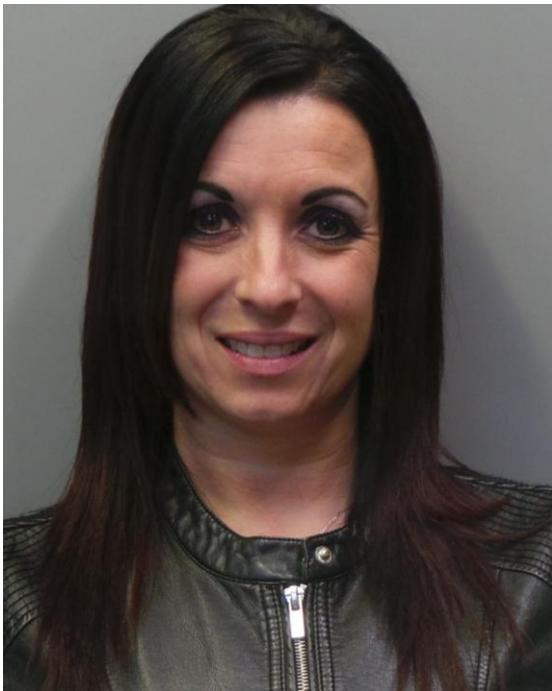

He clocked the Lincoln at 71 MPH in a 60 MPH zone. Besides speeding the driver was cutting off cars to her right changing lanes. Sgt. Moore stopped the car and upon contacting the driver, Kristine Becker, 38, of South St. Louis County he immediately smelled booze on her breath, noticed her eyes were bloodshot and her speech while polite was confused.

Becker said she was on her way home from a Christmas party at her boss's house. She denied having anything drink. This would later change that to one glass of wine.

Becker immediately failed the alphabet test. She was asked to start with the letter D and end with P. She stated, "P, T, E, F, G." She was then asked to recite A-to-Z. She replied with "L, O, P, T."

After her arrest and at the police station she refused to take a breath test, even though she claimed at first not to have anything to drink and then claimed she had just one wine.

She was cited for DWI, Speeding and Fail to Signal While Changing Lanes.

Christmas party? Becker looks more like Morticia Addams at Halloween! All black at a Christmas party?

(Sgt. Moore while he was a corporal often was called to take over his sergeant's DWI arrest. You might think Moore would avoid doing that to his officers. But that was not the case. Officer Pflueger was called and took over the arrest and booking.)

**OUTCOME:** On February 16, 2017 Becker pled guilty to DWI before Town and Country Judge Dean Waldemer. She was placed on a No-fine, No-Points, No-Record two-year SIS probation. She pled guilty to Speeding and was fined \$225 and received 2-points. The Fail to Signal was reduced to Illegal Parking and she was fined \$225.

**98 MPH EVEN ON I-270 WILL ATTRACT THE ATTENTION OF THE POLICE.**

**DRUNK CHESTERFIELD KID IS SO SMART (STUPID) IT IS AMAZING:** Timothy Lis, 20, shows a Clayton address on 6229 San Bonita, but he grew up in Chesterfield at 14966 Claymont Estates and went to CBC High School.

On Monday night into Tuesday morning December 27, 2016 at 2:46 AM Lis was driving his 2007 BMW south on I-270. At the time he was doing 98 MPH and oddly enough he attracted the attention of Town and County Police Cpl. Fowle, who Lis apparently passed. Cpl. Fowle managed to clock Lis at 98 MPH and stopped him south of Clayton Road.

Immediately upon contact Cpl. Fowle could tell Lis had been drinking. His breath had the strong smell of booze, his eyes were bloodshot, glassy, watery and he was staring. His speech was confused and his balance was unsure. Despite all these obvious signs that he had been drinking, Lis denied drinking.

He failed several field sobriety tests. If he had not been drinking he could have been released on a speeding citation if he had taken a Field Breath Test. After all if you had not been drinking the test would come up .00%. However, Lis refused to take the field test and again refused to take the BA test at the police station after his arrest, as he continued to deny having consumed any alcoholic beverage.

Here is part of Lis' driving record that we could find.

07/22/13	Speeding 20 MPH of more over limit	St. Louis CO PD
09/03/15	Speeding 26 MPH or more over Limit	Highway Patrol (Manitou Co)
02/12/16	Unknown Offense reduced to Littering \$522 fine	Brentwood PD

02/27/16	Moving Vio reduced to Parking Vio \$273 fine	Creve Coeur PD
12/27/16	DWI Speeding	Town and Country PD
02/11/17	Speeding 20-25 MPH Over Limit	St. Ann PD

Here is a selfie Tim took as he was driving of the speedometer on his BMW with a notation "Night Drives to Relieve Stress" that he posted on his facebook page. The speedometer was at 140 MPH. This is the "stupid" part.

The BMW Speedometer at 140 MPH (This is the stupid part) The BMW

**OUTCOME:** Lis pled guilty to DWI and Speeding in Town and Country Municipal Court on 02/16/17 five days after he received a 20-plus MPH speeding ticket in St. Ann. Apparently the Town and Country prosecutor Ed Sluys can't conduct the name checks I do from my house and see Lis' record. The moving violation in Creve Coeur was on Lindbergh Blvd and likely was speeding. The Parking Violation reduction is clearly the work of Tim Engelmeyer, the Creve Coeur Judge and Chesterfield prosecutor.

Town and Country Judge Waldemer placed Lis on a No-Fine, No-Points, No-Record probation term for the DWI. On the speeding charge he was fined \$500.

Lis contested his refusal to take a breath test and the suspension of his driver's license. Despite the fact that he pled guilty to DWI a DOR hearing officer found in favor of Lis on 03/09/17 and his driving privileges were reinstated.

**99 MPH DURING CHRISTMAS WEEK APPARENTLY DESERVED A NO-FINE, NO-POINTS PROBATION.** On Monday night into Tuesday morning 12/27/16 Cpl. Fowle of the Town and Country Police clocked a 2009 Ford Fusion driven by Timothy Mason, 27, of Sullivan at 99 MPH in a 60 MPH zone on I-270.

Now someone doing 15 MPH over the limit without much of a driving record probably deserves a break. But some doing 39 MPH over the limit, do you really think they deserve a break from a prosecutor and judge? Maybe you do. I don't.

**WESTMINISTER CHRISTAIN ACADMEY STUDENT BOOKED FOR POSSESSION OF A FIREARM ON CAMPUS:** On Wednesday October 4 this story was originally on KTVI News. The report was that the student had been hunting over the weekend and forgot the gun (shotgun) was still in his trunk. It was discovered on Tuesday morning October 2 by school officials who called police.

Here is the press release by the Town and Country Police:

## PRESS RELEASE

*FOR IMMEDIATE RELEASE:  
October 4, 2017*

*FOR FURTHER INFORMATION:  
PIO / DETECTIVE CHRIS HUNT  
(314)587-2866*

On Tuesday, October 3, 2017 at approximately 09:50 hours officers with the Town and Country Police Department responded to Westminster Christian Academy located at 800 Maryville Centre Drive for a report of a possible violation of the Safe Schools Act.

Luke W. Allen, a (17) seventeen year old student, from Maryland Heights, Missouri was arrested for being in possession of a pump action shotgun. The item was located inside of Allen's vehicle. Allen was immediately transported to the Town and Country Police Department where he was booked and later released pending warrant application with the St. Louis County Prosecuting Attorney's Office.

Subsequent investigation determined that there was not an immediate threat of harm to anyone associated with the school.

Luke Allen

The one question we had is if Allen had forgotten that the shotgun was in his trunk from weekend hurting, how did school officials find it? We made a few inquiries and learned that Westminster school officials were investigating Allen for another unrelated rules violation and searched his car on the school grounds and found the shotgun.

**STATE REP DEREK GRIER CLAIMS TRIPS THROUGH THE FAST FOOD CHICKEN RESTAURANT DRIVE THRU AND OTHER INDIVIDUAL MEALS WERE PLANNING SESSIONS FOR FUTURE FUNDRAISERS:** When we examined the second quarter campaign funds report of State Rep Derek Grier we found a number of expenditures that clearly were individual meals for Grier. They were made while the legislature was in session which means he was already being given a daily per diem of \$114. That is suppose to cover a hotel bill at the “government rate” and meals.

Here are some of the spots the Grier claimed to the Ethics Commission he was having campaign fundraising meetings at.

NAME: Lees Famous Chicken ADDRESS: 1550 Missouri Blvd CITY/STATE: Jefferson City MO 65109	5/3/2017	Dining	\$ <input checked="" type="checkbox"/> PAID 9.35 <input type="checkbox"/> INCURRED
NAME: Yanis Coffee Zone ADDRESS: 130 E. High Street. CITY/STATE: Jefferson City MO 65101	4/13/2017	Dining	\$ <input checked="" type="checkbox"/> PAID 3.75 <input type="checkbox"/> INCURRED
NAME: El Jimador ADDRESS: 2930 W. Edgewood Dr. CITY/STATE: Jefferson City MO 65109	4/12/2017	Dining	\$ <input checked="" type="checkbox"/> PAID 9.96 <input type="checkbox"/> INCURRED
NAME: The Grand Caf? ADDRESS: 107 E. High St CITY/STATE: Jefferson City MO 65101	4/6/2017	Dining	\$ <input checked="" type="checkbox"/> PAID 8.46 <input type="checkbox"/> INCURRED
NAME: Canterbury Hill Wine ADDRESS: 1707 S. Summit Dr. CITY/STATE: Holts Summit MO 65043	4/21/2017	Dining	\$ <input checked="" type="checkbox"/> PAID 18.10 <input type="checkbox"/> INCURRED

These and other “dining” expenses are clearly for him and are not campaign expenses. Well, you and I can see that, but the Missouri Ethics Commission cannot!

Here is what how Grier responded to our complaint from the Ethics Commission report..

“Respondent indicated the committee paid for these particular meals because the meals were held in planning meetings for a future campaign fundraiser. “i

How does a \$3.75 at the Yanis Coffee Zone equal a meeting? I'm hoping the Christian Science Church member Grier had a cup of caffeine free coffee. Lattes and Chai tea are the only other things that retail at \$3.75 on the Yanis menu. There was no meeting. Grier got campaign contributors to buy him a drink that we taxpayers were already paying for in his \$114 per diem.

Of course I don't think many of his contributors minded being taken advantage of. They include tobacco companies and car dealers among the many Political Action Committees.

**MORE SEX ABUSE OF MINORS CHARGES FILED AGAINST CHESTERFIELD MAN.**

We reported in our January 9, 2017 newsletter how Chesterfield resident, David M. Breese, 53, of 16521 Lacrosse Lane in Chesterfield had been charged with four counts of sex with minors. He has also lived at 16340 Westboro Cir in Chesterfield. A number of the offense are alleged to have occurred at 1216 Fox View Terrace in Ballwin.

On September 28 three more charges were added against Breese. One misdemeanor charge was also upped to a felony. Breese now faces seven felonies.

The new charges list new victims who at the time of the offenses ranged in ages from 11-years-old to 16-years-old.

Here are the charges from the court files.

Step 15	\$75,600	

5. Effective July 1, 2018, all existing non-probationary Police Officers and Sergeants (determined as of September 18, 2017) will receive an annual salary increase equal to the value of the next step in the salary matrix, not to exceed the maximum rate for the position. For example, a Police Officer making \$60,000 will receive an annual salary increase in the amount of \$1,447 (Step 6 rate minus Step 5 rate).
6. Effective July 1, 2019, all existing non-probationary Police Officers and Sergeants (determined as of September 18, 2017) will receive an annual salary increase equal to the value of the next step in the salary matrix, not to exceed the maximum rate for the position. For example, a Police Officer making \$60,000 will receive an annual salary increase in the amount of \$1,447 (Step 6 rate minus Step 5 rate).
7. Any probationary Police Officers will be slotted in at the higher of their current rate of pay or the first step set forth in the step pay plan. Upon successful completion of their probationary period, they will progress through the step pay plan accordingly on each subsequent anniversary date. New-hire probationary Police Officers will be slotted in at the first step and will progress through the step pay plan accordingly on each subsequent anniversary date.
8. Employees who receive an unacceptable performance review are not eligible for a step increase for that year. An unacceptable performance evaluation is defined as any evaluation resulting in an overall composite evaluation score less than 3.00, or any evaluation in which the employee receives scores of two (2) or less in three or more individual performance categories.

9. The City agrees to continue negotiations and evaluations relative to the efficacy of a defined benefit pension, but makes no commitments or assertions as to the City's final position. Any other items not foreclosed by item 10 below also remain open for discussion.
10. The FOP agrees to remove the following list of proposals, which shall not be the subject of further discussion and/or negotiation prior to expiration of this interim pay proposal on June 30, 2020:
  - a. Benefit Stand-Down. The City commits to the fringe benefit levels currently afforded to all City employees and as currently described by general order, without reduction or change. The FOP commits to no discussions or negotiations to increase or modify the fringe benefit levels currently afforded to all City employees and as currently described by General Order. (The City can change health insurance carriers and make minor modifications in the health insurance plan's provisions provided the annual deductible, HSA contribution, employee's share of the monthly premium, maximum out-of-pocket charges, and pharmacy and doctor co-pays remain at the current level).
  - b. Additional paid Holidays.
  - c. Additional paid Vacation.
  - d. No on-duty lodge business or paid time for Union activities, including negotiations, grievance investigation and handling, Union leave or City meetings.
  - e. City reserves the right to enter and inspect any city property, e.g. computers, lockers, desks, at any time for any reason.
  - f. Temporary, Modified, or Light duty assignments are available at the sole discretion of the Chief.
  - g. The City will not provide dues check-off. No compulsory union membership.
  - h. No changes to allowable levels of PTO accruals including but not limited to sick, comp and vacation time.

- 11. Pay increases may be waived (pending further negotiations between the parties) at the discretion of the City in the event either of the following occurs: (i) the City reasonably anticipates or experiences a Loss of General Fund Municipal Tax revenues in excess of \$1.647 million below the figure currently budgeted for 2018; or (ii) the City is likely to experience such a reduction in its future funding levels due to a *force majeure* event or change in legislation or controlling law.
- 12. The interim agreement expires June 30, 2020.

**POST-DISPATCH GETS IT WRONG:** Here is the headline and lead from the P-D story about this. It is completely wrong. The Post-Dispatch claimed Chesterfield agreed to bargain with the FOP. That was decided months ago. The City Council agreement was to a contract for 2 ½ years that deals mostly with wages negotiated by the FOP. Retirement benefits are likely to be bargained in future negotiations.

## **Chesterfield approves plan for collective bargaining with police**

**CHESTERFIELD** • The Chesterfield City Council on Monday approved an interim agreement that makes the Fraternal Order of Police Lodge 15 the exclusive collective bargaining agent for 73 police officers and sergeants.

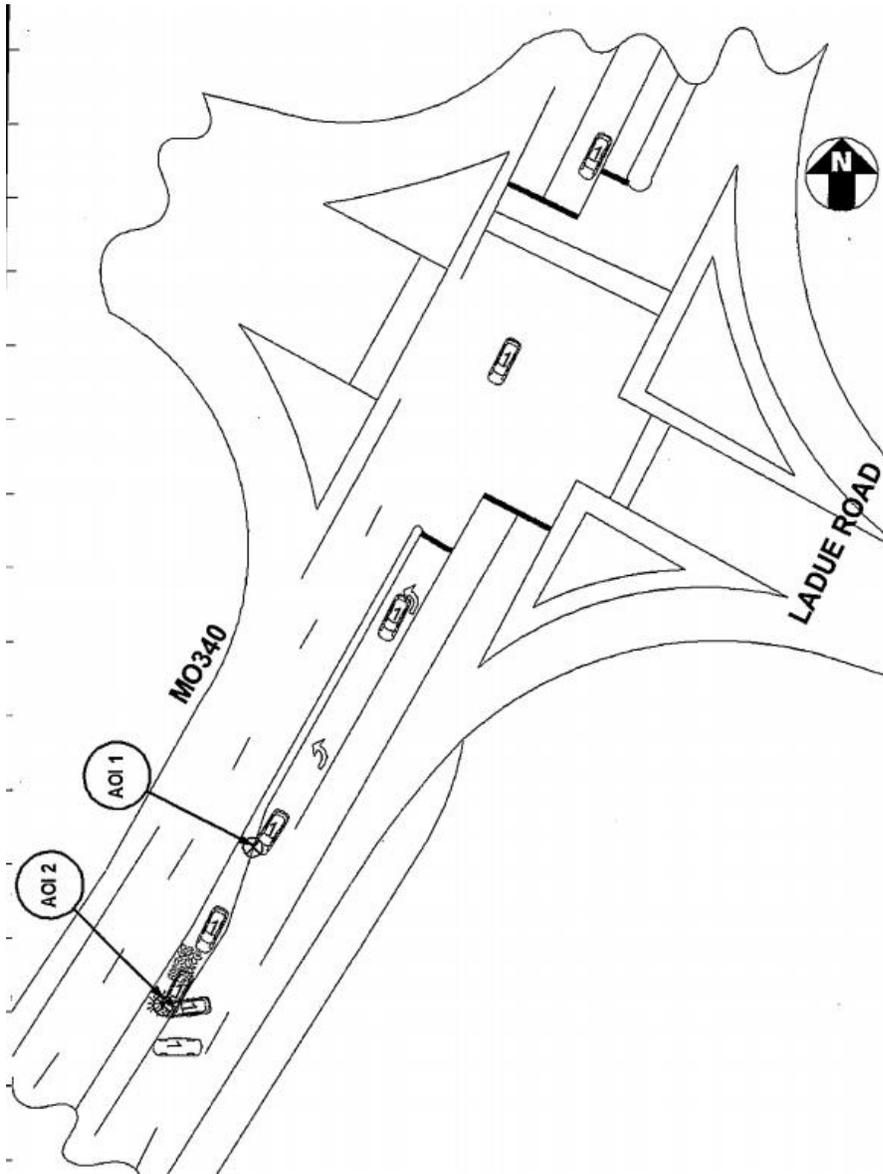

**DRUNK DRIVER FROM EUREKA TOTALS HER RAV-4 IN ONE CAR ACCIDENT:**

Chesterfield Police officers and Monarch Fire District paramedics responded to a one vehicle auto accident on Friday night February 5, 2016 at the intersection of Olive Blvd, and Ladue Road.

On arrive of the police and paramedic/firefighters found a 2013 Toyota Rav4 overturned with the driver still behind the wheel. Firefighters had to extricate the driver, June Goodson, 59, of Eureka. Goodson is a personal trainer in the West County area.

Both police officers and paramedics reported smelling booze on Goodson's breath. She showed other signs of intoxicated also.

The accident investigation revealed that Goodson was driving west on Olive Blvd when he crossed over into the eastbound lanes and struck the intersection median and overturned, totaling the vehicle and trapping Goodson.

At the hospital Goodson stated that she did not remember what happened.

She agreed to an interview in which she stated that she thought she was in Eureka, despite crashing her car in Chesterfield and being at Mercy Medical Center in Creve Coeur (there are no hospitals in Eureka.)

Chesterfield Officer Garner reported that Goodson's eyes were bloodshot, her speech was slurred, the smell of booze on her breath was strong and she was having mood swings from being indifferent to crying.

Goodson also stated that she had just one 2-oz glass of wine. She agreed to a blood test for BAC.

That test results came back five weeks later and showed Goodson BAC level to be **.226%** or almost three times the legal limit, which would have been a huge glass of wine.

**OUTCOME:** Goodson's defense attorney moved the case to the Associate Circuit Court in Clayton, but it was still prosecuted by Chesterfield Prosecutor Tim Engelmeyer. On May 25, 2017 Goodson pled guilty to DWI and was sentenced to a NO-Points, NO-Fine, NO-Permanent Record 2-year SIS probation term. Despite being three times over the legal limit, driving on the wrong side of the road at a major Chesterfield intersection, crashing and totaling her SUV, Goodson left court with no points on her driving record.

**DEVELOPER DROPS APPEAL OVER PLANNING COMMISSION DENIAL TO ALLOW APARTMENTS TO REPLACE TRAILER PARK. FOUR DAYS EARLIER WE GOT A "NO COMMENT" FROM DEVELOPER'S SPOKESMAN:** On Monday at about 5:30, I was sitting near George Stock, the consulting engineer and the front man for Amerwest of West Palm Beach. We were at a Town and County Aldermanic meeting of the Town Square project. I mentioned to Stock that it did not appear as if he had enough votes on the Chesterfield City Council to overturn the Planning Commission's 5-

3 denial to rezone the property of the Chesterfield Trailer Park for an apartment complex.

I asked George if they had the lawsuit ready against the City of Chesterfield, since it appears as if they are going through the appeal motions so they can eventually file a lawsuit in Circuit Court to overturn the decision.

He had a two word response of, "No comment."

Then four days later Chesterfield's Planning Director Justin Wyse announced to City Council and apparently the Post-Dispatch (but not Newsfromsnoburbia.com) that the appeal had been dropped. Below is part of an email from Wyse.

We received a withdraw of the appeal for P.Z. 05-2017 Villages at Bonhomme Creek (the existing Chesterfield Mobile Home Park).

**MAN CHARGED WITH ASSAULT AFTER ROAD RAGE INCIDENT ON CLAYTON ROAD.** In last week's CHESTERFIELD POLICE BLOG we noticed this offense:

09/22/2017, 1630 09/22/2017, 1635	14XXX CLAYTON RD	Parkway West High School	Assault Common - Actual Assault
<b>Brief Narrative Description:</b> 37 yo male struck victim in head after road rage incident causing minor injuries.			

We requested additional information on this and received the following:

**Matthew Kuehne**, age 37, resides Chesterfield, arrested 9/22/17, 1722 HRS., released on municipal summons for Assault.

Kuehne shows an address of 14701 Greenleaf Valley Dr, Chesterfield.

**PLANNING AND PUBLIC WORKS COMMITTEE VOTES DOWN LATEST PLANS FOR A FULL SERVICE CAR WASH AT CLAYTON ROAD AND BAXTER ROAD.**

There are already two car self-serve washes at the intersection of Clayton and Baxter Roads. One is at the Phillips 66 Station on the southeast corner and the other is at the Mobil station at the northwest corner.

The intersection is one of the top five for auto accidents in Chesterfield. However the issue on Wednesday night was noise.

The Wallis Companies DBA Brite Worx Carwashes owns and operates the current facility. They want to expand it and put in a full service car wash. They currently are only allowed right turns in and out of the property from Clayton and Baxter. This would not change.

A number of neighbors were in the audience. P-PW Committee Chair Guy Tilman read a statement before the start of the meeting telling members of the audience that the Planning Commission took public comments on the matter and they would not allow the public to speak at the Planning and Public Works Committee.

This ran directly against the decision the Council made several years ago for committees to take public comments in an effort for more transparency and citizen input. Mayor Bob Nation did not recall that, but Councilwoman Barb McGuinness said residents from her subdivision have been allowed to speak at committee meetings. Former State Senator Jane Cunningham and her husband have spoken as residents before committee meetings. I have been at regular Finance and Admin meetings this year where citizens spoke on how to use Prop P funds that are from a special sales tax for public safety. The public can't speak but Councilman Dan Hurt can talk incessantly.

Jim Holtrop presented of AcoustiControl, LLC claimed the traffic noise from the streets would be louder than the noise generated by a larger car wash or the cars waiting to go into the car wash.

Dan Hurt then challenged the sound engineer. Hurt like to remind people that he has an engineering degree (but not in sound engineering) he did this several times and then began talking like an engineer in a boring monotone. A number of heads began to nod off including mine.

Councilman Barry Flachsbart who is on the committee was not present. He was in Rolla, where he is a professor at the University of Missouri Science and Technology. Councilwoman Barb McGuinniss was filling in for him.

This measure barely passed the Planning Commission on a 5-3 vote.

After 35 minutes a vote was taken and the proposal failed 4-0.

They could appeal to the full Council but they would need a 6-2 vote to prevail. That might be a move if they plan to sue the city.

**PUMPKIN SIGNS AND INFLATABLE PUMPKINS TURNED DOWN FOR TAUBMAN OUTLET MALL. OR SCREW YOU GREAT PUMPKIN:** You had to feel for the owners of the struggling Taubman Outlet Mall.

The City's director of Planning Justin Wyse told them to apply for an amended temporary sign package. However city code specifically for Taubman Outlet Mall does not allow temporary signs since it is next to I-64 and could distract drivers.

Taubman has not sold pumpkins before. The Rombah Farms has sold pumpkins in Chesterfield Valley for over a half century. They also had hayrides in connection with pumpkin sales and had children play areas. The farm with other crops has diminished over the years, but the pumpkin operation was alive and well until this year when it was announced it was being shut down.

How the Taubman Outlet Mall pumpkin sales came about and the need for signs and Chesterfield's position can be confusing. Here is what we could put together.

- 1) Originally when the Taubman Outlet Mall was approved, temporary signs were prohibited. The reason was that the Taubman Mall was in essence at the time the entrance along I-64 to Chesterfield Valley and leaders did not want it to appear junky. The other reason was not to allow distractions to drivers on I-64.
- 2) Although Taubman Outlet Mall opened a few weeks before the Premium Outlet Mall did along the Missouri River and Olive Street Road in the west end of Chesterfield Valley, Premium had had more tenants and more shoppers.
- 3) When Taubman wanted to draw more shoppers by having the Pumpkin Patch and later Christmas Tree sales area on their empty west parking lot, they went to the City of Chesterfield.
- 4) Planning Director Justin Wyse suggested Taubman represented by local zoning attorney Mike Doster apply for an "Amended Sign Package." Doster followed the suggestion. Taubman wanted four devices (inflatable pumpkins) and signs.
- 5) A detail staff report by planner Cecilia Dvorak had this recommendation:

**STAFF RECOMMENDATION**

Staff has reviewed the requested amendment to the Sign Package for Chesterfield Outlets (Taubman Prestige Outlets) and found that it meets the requirements to be presented to the Planning Commission for review, and staff recommends action. Please note, any amendments to the provisions of the approved Sign Package would require review and approval by the Planning Commission.

Material: Strong/PU Coated Oxford Fabric  
Illumination: LED lights lit internally

6) At the Planning Commission meeting the sign was approved and two instead of four lighted inflatable pumpkins were approved on a 7-1 vote. One pumpkin would be on the southeast corner of the property seen by I-64 traffic. The other would be at the west end of the parking lot where the pumpkins for sale would be located.

7) After the 7-1 vote by the planning commission Taubman should have been able to put up the sign and pumpkins on October 1. But that did not happen.

8) A councilperson on the Planning and Public Works Committee from the Ward affected by the vote or the mayor can make a Power of Review to move the matter before the Planning and Public Works Committee. Ward 4 councilwoman Michelle Ohley made that request.

Michelle Ohley

Attorney Mike Doster and CityPlanner Cecilia

Dvorak.

9) Chairman Guy Tilman, Dan Hurt and Michelle Ohley appeared from the start to be against the signs and the pumpkin. They kept saying how the Taubman Mall is not allowed temporary signs.

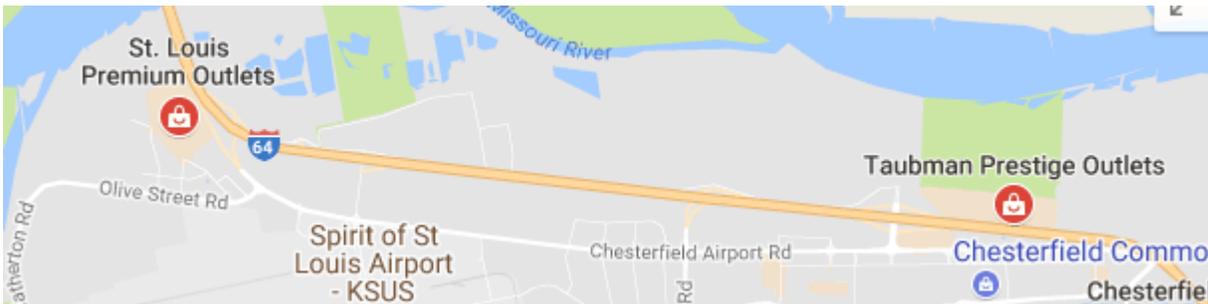

10) While Taubman himself has talked about how successful the mall has been people, shoppers and city staff all know that the Premium Outlet has far more shops and customers. Doster complained that the Premium Mall is allowed temporary signs. And how the City was not being fair to his client's ability to draw more customers to their mall.

That caused Dan Hurt to start a lecture that last for some time beginning with “You knew the zoning when you build the mall and you knew no temporary signs are allowed.”

Dan Hurt

“You are talking about our base ordinances. These get changed by the City Council as a whole. I don’t believe these things would be approved by the council,” said Hurt.

11) Mayor Bob Nation who does not have a vote but is on the committee spoke. He was in favor of the sign and the inflatable pumpkins and added that the city should try and help businesses be successful within reason.

“I believe in common sense and being reasonable. I think the Valley as different from other parts of the city. Commerce is what pays the bills for municipalities. I ask you for reasonableness,” said Nation.

Planning Commission chairwoman Merrell Hansen (a non voting member of the committee) then added, “We are arguing the right way to get there. We are getting hung up on the ordinance.”

12) Next Barb McGuinness who owns and runs the last Velvet Freeze, located in Jennings, Missouri announced she had to leave to get to the store. She packed up and left at 6:50.

13) As it appeared that there would be a 3-0 vote against the inflatable pumpkins and one sign, Mayor Nation got up and left.

14) The Dan Hurt lecture continued with him questioning Doster why they bother to apply for the amended sign package since no temporary signs were allowed. Doster replied that Planning Director Justin Wyse had suggested it as the way to get the sign and inflatable pumpkins. Wyse then admitted that was true.

Justin Wyse

Hurt admitted one thing. “I think there is a conflict between the ordinances,” he said. (You would think that a conflict the tie would go to the applicant and not the city who created the conflict.)

15) It was decided that one of the inflatable pumpkins would be alright if it was with the pumpkins as part of the “event” and not an advertising sign. Hurt and Tilman continued to say how inflatable characters were against the law in Chesterfield. Doster then pointed out that no one lives in Chesterfield Valley. Tilman admitted that the City of Chesterfield has used inflatables to promote city events.

16) At the end Hurt and Doster got into a shouting match. Doster said the committee members were trying to keep retailers from making a profit. Hurt loudly responded, "It is not fair for you to blame us that you are struggling to make a profit. It is unfair."

17) The three voted to turn down the amended sign package that had passed the Planning Commission on a 7-1 vote. They then voted to allow Taubman to apply for an amended zoning change which could be heard before the entire City Council on Monday October 16. This of course would cut Taubman's planned promotion for October in half. It also would accomplish what the Planning Commission already said they could do if it passed at the Council.

18) My suggestion to Doster in front of his clients was to put the sign up along with the inflated pumpkins. Then take a citation from the Chesterfield Code enforcement officer. Keep in mind that City Prosecutor Tim Engelmeyer and Judge Brunk won't hammer someone represented by a local lawyer. Get a couple of continuances and then plead guilty to an amended charge of "Littering" with a \$225 fine after Christmas. Doster's clients seem to perk up with I mentioned this, but Doster wasn't buying it, saying they had to deal with the city too often to do that.

**CHESTERFIELD SUBDIVISION TRUSTEES HAVE A NEW PLACE TO HOLD YOUR MEETINGS:** At the last Monarch Fire Protection District meeting they opened bids for create a "media room" in the current large open room with a kitchen on the east side of the headquarters building.

The bids were \$51,391 from TSI Global  
\$44,957 from Tech Electronics  
\$41,851 from TPI of Olivette.

They plan to add computers at work stations, large screen TV monitors and overhead screens/monitors for presentations. What got my attention was the Fire District was going to open the room for neighborhood groups to hold their subdivision meetings.

Deputy Chief Nick Harper took me to the room and explained that there is an outside entrance from the east side that a subdivision group can use while the rest of the building would be inaccessible.

The room had tables and lots of chairs and could easily hold 30 to 40 people comfortably and easier than a conference room at City Hall where many subdivision annual meetings are held.

Keep in mind that they plan some modifications to the room, but the one thing that is staying is the kitchen area.

Here is the room now:

Chief Harper went out of his way to point out the huge coffee make in the corner.

**REAL ESTATE” Final Sale Price:** It went on the market in June of 2016. The closing was in September of 2017. I’m surprised that the house at 1337 S, Mason sold that fast due to it being on a busy road (unless you are such a big egotist that you want the most

people possible to see the giant house you live in) and it has high property taxes. (\$38,763 a year)

Here are the asking prices over the last 15 months:

\$4,900,000	06/12/16
\$4,500,000	06/16/16
\$3,995,000	10/10/16
\$3,895,000	02/20/17
\$3,750,000	03/20/17
\$3,500,000	04/03/17
<b>\$3,200,000</b>	<b>09/26/17 SOLD PRICE</b>

**FOOD: AN OLD FAMILIAR NAME AT LOCAL RESTAURANT:** I recently called in a go order for two lunches of Baby Back Ribs, with fries, slaw plus a side of broccoli at Brick Tops for a group of older area painters (ages 70 to 95) who were guests of my wife.

The woman who took my order was “Hazel.” I thought, “Gee she sounded young for someone named Hazel.

When I arrived I met Hazel McIntire who turned out to appear to be in her 20s. She admitted she doesn’t know many Hazels.

A 2017 Hazel

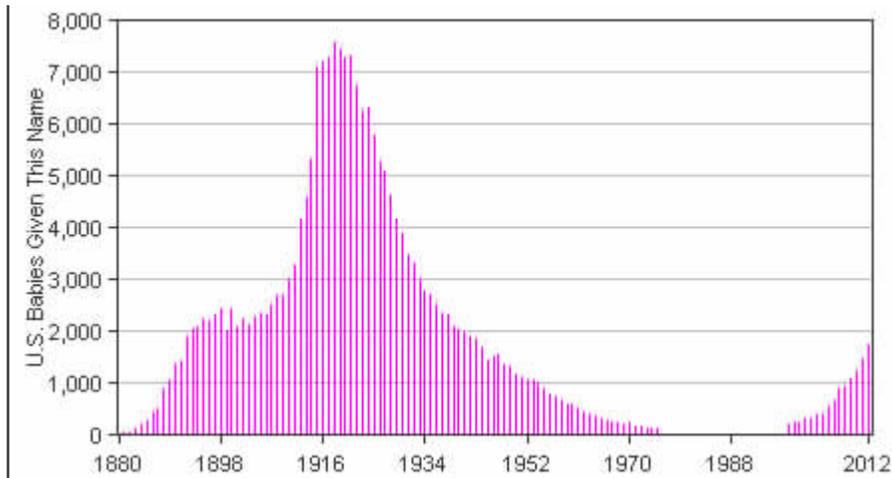

A 1961 Hazel

The popularity of the name Hazel in the United States peaked in 1918 when according to birth records 7,613 girls were named Hazel. Since 1880; 233,348 girls have been named Hazel. The name hit the bottom of charts in the 1980s. The name is on a comeback of sorts.

At the half point in 2016 the Today Show proclaimed that Hazel was the number 17 girls' name. However the end of the year stats according to Nameberry.com Hazel fell to 52<sup>nd</sup> place, just behind Anna and ahead of Aaliyah.

Girls named Hazel from 1880 to 2012.

There were a number of assaults on police officers this week. We hope to get additional information on these for next week's newsletter.

## CARTOONS:

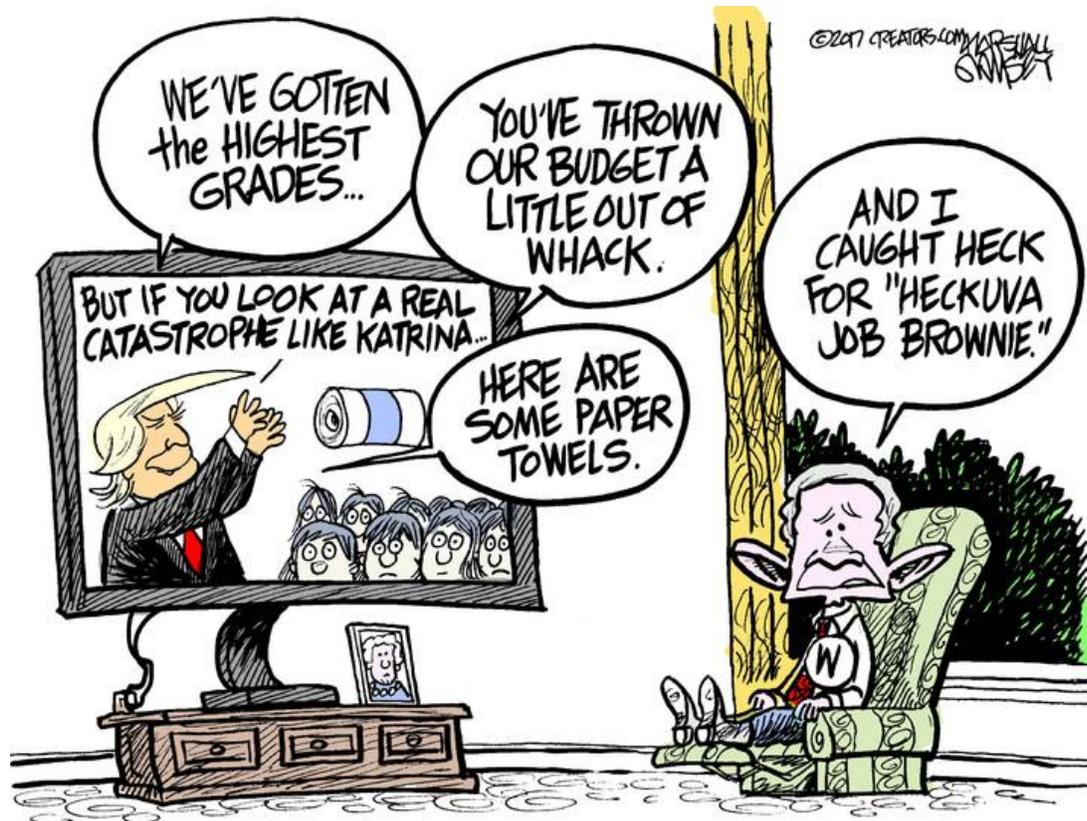

"They're opening up all over. You go in there and work out for 15 minutes so you look pumped up at your REAL gym."
